

2021 Rebate Summary

Rebates are not to exceed 50 percent of the total cost.

ROOM AIR CONDITIONERS	
	Rebate
ENERGY STAR rated (for new or replacement unit) Limit one (1) per meter	\$50
ELECTRIC WATER HEATERS	
	Rebate
For electric water heaters that meet DOE standards at time of manufacture. For new construction, the replacement of an existing electric heater that is less than 0.90 efficiency or replacement of a gas water heater. Limit two (2) per meter	\$50
HEAT PUMP WATER HEATERS	
	Rebate
The energy efficiency rating must meet DOE standards. For new construction, the replacement of an existing electric heater that is less than 0.90 efficiency or replacement of a gas water heater. Limit two (2) per meter	\$500
ENERGY STAR ADVANCED THERMOSTAT	
	Rebate
Must be an Energy Star rated thermostat. Can be used with any type of heating and cooling system. Limit of up to two (2) per meter. For new construction, or the replacement of an existing non-Energy Star thermostat.	\$50
PROGRAMMABLE TIMER-ENGINE BLOCK HEATER	
	Rebate
Utilize a programmable timer with the use of an engine block heater.	\$15
C&I High-Efficiency Motors	
	Rebate
Replace less efficient motors with higher efficiency motors meeting current NEMA standards in an existing facility. Rebate per motor is based on horsepower (HP) size	See chart
C&I VFD's FOR HVAC	
	Rebate
Rebate when installing variable frequency drive motors for HVAC pumps and fans in an existing facility. VFD's are tied to an automated control system and have a true power factor of .90 or greater.	\$50 per brake HP

Rebates are not to exceed 50 percent of the total cost.

GROUND SOURCE HEAT PUMPS	
Requirements	Rebate
ENERGY STAR Plus 2 rated <ul style="list-style-type: none"> • On new home or building construction • Replacement of electric resistance heat • Replacement of existing natural gas or propane heating system • Replacement of an existing central air conditioner or dual-fuel heat pump • Electric or fossil fuel backup heat will be allowed for ground source heat pumps. AECI will match dollars 2 for 1 for new loop and indoor unit systems.	The total maximum amount is \$500 per ton
For the replacement of the indoor ground source heat pump unit only – no match required	\$150 per ton
BASEMENT/CRAWLSPACE/SLAB INSULATION REBATES	
Requirements	Rebate
This program is a 50/50 cost-shared incentive for cooperative members who are installing insulation in <i>conjunction with the installation of a new ground source heat pump.</i>	Incentive is up to \$500
AIR SOURCE AND MINI-SPLIT HEAT PUMPS	
Requirements	Rebate
ENERGY STAR Plus 2 rated <ul style="list-style-type: none"> • New home or building construction • Replacement of existing electric resistance heat/ central air conditioning/air source heat pump • Supplemental heat must be controlled by an automatic thermostat 	\$150 per ton

HOME ENERGY AUDITS	
This program is a 50/50 cost-shared incentive for distribution cooperatives.	Incentive is up to \$175
HOME ENERGY WEATHERIZATION	
This program is a 50/50 cost-shared incentive for cooperative members for weatherization improvements done in conjunction with an approved energy audit.	Incentive is up to \$500 per home - \$25,000 for multi-unit complexes

SMALL C & I, SCHOOL & NON-PROFIT ENERGY AUDITS	
This program is for commercial, school and industrial facilities that have basic energy usage and that use less than 500 kW per month.	50-50 cost share based on the cost of the audit

BUSINESS, SCHOOL & NON-PROFIT LIGHTING PROGRAM	
This program is for C&I, schools and agricultural facilities that want to install high-efficiency lighting.	Incentives for C&I, school & agriculture facilities

ENERGY EFFICIENCY EDUCATION	
A variety of options exist to help you educate your members and employees.	

PLEASE NOTE: Rebates are limited to services using 6000 kWh or more per year

The Take Control & Save rebate program is limited to cooperative services that use 6000 or more kilowatt-hours on an annual basis. Eligible services include lake homes, workshops, and barns, etc. For new services, cooperatives may elect to withhold rebate payment for one year to ensure compliance with this requirement. C&I incentives/rebates may be taxable and if greater than \$600, should be reported to the IRS by Cooperative as income to recipient on IRS Form 1099-MISC unless member has identified themselves as a corporation or as tax exempt entity.
